Minutes to	
All Governors	

Ref	Minute, Action or Decision	Owner
1	Apologies PCh had sent apologies as she was unable to use a video conferencing facility. The meeting incorporated three 40-minute sessions. AD was not present for the first session as attending a funeral. PC was not present for the final session due to technical issues.	
2	Declaration of Business Interests No interests were declared.	
3	Purpose of the meeting  The Governing Body to decide if it is safe to open Bolham School on June 1st for EYFS and Years 1 and 6  Madvised that it is a legal responsibility for the Governing Body to make the decision that the school is ready to re-open from June 1st, ensuring the school is a safe environment as possible for staff, pupils, visitors and contractors.  The advice from central government is that primary schools should open for EYFS, Year 1 and Year 6 pupils along with key worker and vulnerable children.  DCC are following government advice and are in favour of the re-opening.  The Government are making a final decision on the 28th May.  DW had issued a RA100 (Return to School Risk Assessment) ahead of the meeting and this would be discussed ahead of making the decision.	

Signed Date 8/12/20

### Full Governing Body Minutes 21st May 2020

	If the decision is to not open the school, then the reasons why, with	
	evidence, would have to be fed back to the Local Authority (LA) and	
	Government.	
4	Covid-19 – Checklist	
	DW explained that the Cocid-19 Checklist for Schools is a live document	
	and was used to complete the RA100.	
	DW added that the headteachers in the TCLP (Tiverton Community	
	Learning Partnership) had communicated weekly and the concerns were	
	passed to the LA. The responses from the LA were being circulated by the	
	Head of Tiverton High School.	
	There was a view that Year 6 should return to school first, ahead of the	
	younger children as they would be more likely to follow social distancing,	
	however, the guidance from government does not allow this.	
	DW had spoken with all teaching staff, including those belonging to trade	
	unions, and all staff had agreed to be involved in the re-opening planning	
	process.	
	DW had surveyed parents to identify how many of the children intend to	
_	return to school.	
5	RA100 Presentation	
	DW highlighted areas of the RA100 that governors had been asked to read	
	ahead of the meeting.	
	All staff are available.	
	Plan is to open for EYFS children with Mrs Worthington on	
	Monday 1st June based in class 1.5 of the 16 children are	
	expected to come to school. If more children return, extra	
	accommodation is available in a partitioned area of the main hall	
	with Miss Cotter.	
	Plan to open for Year1 pupils with JH on Thursday 4 <sup>th</sup> June based	
	in class 2. 7 of the 18 children are expected to return. Additional	
	accommodation is available in the partitioned main hall.	
	• Plan to open for Year 6 pupils with Mr Dickinson on Tuesday 9 <sup>th</sup>	
	June in class 4. 8 of the 14 children (possibly rising to 11) are	
	expected to return with space in the corridor to expand into if	
	needed.	
	Outside spaces would also be available for each group.	
	Key worker and vulnerable children would continue as present	
	with Mr Botham in class 3.	
	The children, staff and support would stay together at all times.	
	Staggered drop off and pick up times would be introduced.	
	Designated areas for parents for social distancing would be clearly	
	marked.	
Mar. 1	Site clearing, grass-cutting and playground marking was taking	
	place ahead of half-term.	
	Water management activities (Chlorination and water system	
	reboot was scheduled ahead of re-opening at a cost of £400).	
	Devon Norse would undertake a deep clean of the school.	
	<ul> <li>Staff had been on site to organise the school making it as</li> </ul>	
	minimalistic as possible to ensure efficient cleaning of surfaces	
	and areas by removing unnecessary furniture, equipment etc and	
	taping off the communal areas (cloakroom, library and the	
60	photocopier).	
	<ul> <li>Each pupil will be allocated a named desk and chair.</li> </ul>	

Signed Date 8/12/20

#### Full Governing Body Minutes 21st May 2020

Beach class has a checklist of what is in place e.g. PPE equipment. The staff room will only be available to Class 2 staffs so a kettle (that must be unplugged and empty when not in use) would be available in each class.  The health and wellbeing of staff will be monitored as they will be spending a huge amount of time with the children.  I child is expected to utilise school-transport and this is being confirmed with the parent.  There is no requirement to provide home schooling work for children not returning to school after re-opening as the teachers will be busy in school.  Amendments had been made to the Fire Risk Assessment, Water Management procedures and RA22 policy. A governor needs to be nominated as the Covid-19 governor. Staff (except 1) have had a full briefing and been issued with an information pack.  DW ended by asking the governors to make a decision on re-opening based on the information available.  Q & A  SM thanked DW for her comprehensive update and detailed RA100. SM advised that governors had contacted DW directly with questions recently and asked for these to captured.  SM asked JH to convey the thoughts and concerns of the staff. JH stated that she had emailed all staff and the majority had replied. JH commented that the staff appreciated the hard work done by DW in producing the Staff Information Pack, being well organised and keeping everyone updated with weekly meetings.  Key thoughts, concerns and considerations were:  Timing — 1st June is too early with the impact of moving to the government Phase 3 not yet available.  Social distancing — cannot guarantee keeping to the recommended distance. The desks are set up for distancing but walking between desks compromises the guidance.  Risk of contracting the virus — There is no scientific evidence that children are less likely to contract the virus, so the risk is the same whether dealing with adults or children.  Sequence of year groups returning to school — Why aren't the older children returning first as they understand social distan			
spending a huge amount of time with the children.  I child is expected to utilise school-transport and this is being confirmed with the parent.  There is no requirement to provide home schooling work for children not returning to school after re-opening as the teachers will be busy in school.  Amendments had been made to the Fire Risk Assessment, Water Management procedures and RA22 policy.  Agovernor needs to be nominated as the Covid-19 governor.  Staff (except 1) have had a full briefing and been issued with an information pack.  DW ended by asking the governors to make a decision on re-opening based on the information available.  Q & A  SM thanked DW for her comprehensive update and detailed RA100.  SM advised that governors had contacted DW directly with questions recently and asked for these to captured. #### Full Governing Body Minutes 21st May 2020

 Does the school to have the capacity to follow the guidance when all children return to school? – DW advised that this was already recognised and would be addressed at a later date.

JH added that whilst the situation is not ideal the staff would be available to work as required.

DW advised that communication with parents was important and she was producing a Parent Pack similar to the format and contents of the pack provided for the staff. The information being drawn from the guidance available and tailored to Bolham School.

SM invited governors to ask questions and concerns ahead of making a decision. The following points were raised and discussed:

- Is there enough PPE available? -PPE (Masks, Aprons and Gloves) are available in each class pack. 4 full face masks are on order.
- The media are showing teachers wearing masks so should EYFS & Year 1 teachers wear masks? – The guidance does not insist on masks unless there is an incident or risk, however, staff will be allowed to wear a mask if they wish.
- How will the school provide quality education when some children are in school and others are at home? DW explained that it is difficult as the school does not have to follow the requirements of the national curriculum. Staff having the time to provide all that is needed is at a premium. For example, Mr Botham is teaching the key worker and vulnerable children at the moment and providing home learning lessons for year 3. Staff will be preparing 2 weeks of home learning lessons ahead of half term to get ahead of the game. The school will end at 1pm each Friday, after a hot meal for those in school, to provide staff time for lesson planning the following week and to allow for a deep clean to take place. Other schools have already informed parents that they will not provide lessons for those not returning to school and they should utilise what is available from the intermet. All staff will endeavour to do their best.
- 4 sets of children will be accessing the same toilet facilities which
  is a prime hot-spot for possible contagion DW admitted this was
  a major pinch point and had discussed with the cleaner who will
  provide a toilet clean at lunchtime on most days. The situation
  will be closely monitored. Hiring of portable toilets is an option as
  incorporated in the Emergency Management Plan. Staff will be
  responsible for ensuring the staff toilet is cleaned after use.
- What is the backup plan if a teacher is unavailable? DW advised that T.A's would take over under guidance from the teacher or other support introduced. If the staff need cannot be fulfilled, then the class/school will be closed down. Ancillary staff for Sports, Music etc lessons will not be in school. The office is too small for more than one member of staff, so Amy Green is working from home until further notice.
- What guidance is in place if a child contracts Covid-19? Public England advice will be followed, so the child in question will selfisolate for 14 days and the remaining children and staff will selfisolate for 7 days if not unwell. This information will be included

DW

#### Full Governing Body Minutes 21st May 2020

		Full Governing Body Minutes 21 May 2020	
		in the Parent Pack. A draft of the pack will be sent to governors	
		ahead of distribution to parents. DW added that it is a legal	
		requirement to be as stringent as possible and ensure all	
		reasonable measures are in place.	
		What is the medical professional opinion of SM? - The governing	
		body as a whole must base the decision on the guidance and best	
		advice available.	
		What is the view from other schools in the area? – The staff have	
		similar concerns as raised earlier, however, the numbers and	
		settings in schools differ and each school should address their own	
		requirements.	
		Will the younger pupils handle the regimented routines and	
		having to sit at their desk all day? - The teachers will use their	
		skills to ensure the activities at the desks will keep the children	
		entertained and they will have the option of breakaway groups and	
		use of outside space.	
	•	How will use of facilities be controlled? - Staggered school	
		arrival and departure times will be introduced along with reduced	
		time for lunch with timetabled toilet and hand washing breaks.	
	•	Will children's temperature be taken when arriving at school? -	
		This is not allowed.	
	•	Will the children be advised to wear their school uniform? – It	
		was thought that it would be preferable to let children wear their	
		own clothes so parents could wash them daily if they want to.  What is the legal position if a child contracts Covid-19 in school?	
		As long as all reasonable measures have been taken and the risk	
		assessment undertaken then any case would only be progressed if	
		negligence is proven.	
		What happens if, following the guidance, the capacity was	
		exceeded? - The decision will be revisited. The guidance for	
		young children is to keep as far apart as possible and not adhere to	
		the strict 2 metre distancing.	
		Can the proposed staggered re-opening schedule be revised? - An	
		alternative schedule of one-year group by week was proposed and	
		will be part of the governor's decision process. All schools have	
		different re-opening models.	
	•	Can the re-opening date be delayed by a week? - No	
	•	When does a decision need to be made? – As soon as possible,	
		especially for the parents who plan to return to work.	
		Are the staff frightened about the re-opening? – No, as not seen as high risk of contracting the virus.	
		Do any of the staff have any concerns if they live with a	
		vulnerable person? – An assessment undertaken a month ago	
		identified two members of staff with a vulnerable person living in	DW/SM
		the same home and the assessment will be reviewed. DW advised	DW/SM
		that she is shielding an older relative and has stepped back from	
		being a paediatric first aider and performing PPA cover, however,	
		the family decision is to continue working.	
7	Agree	Proposal for possible re-opening arrangements	
		vernors are asked to vote on the following
