Dear Parents and Carers

Last week, 3C and 3M visited Knightshayes to view the 200 Years of Tiverton project. You may remember that last term the children took part in a DAISI arts-based workshop where they created pieces for *Nerio's Wedding Dress*. The children were able to view the final creation and were also treated to a tour of the house by Knightshayes staff. Thank you to Miss Crang and Mrs Middleton for all their hard work with the project and Knightshayes for hosting this event.

Yesterday, Class 4 went on a school visit to Lynmouth as part of this term's geography project on Extreme Weather. The children visited the Memorial Hall and learnt about the devastating flood of 1952 and the impact the volume of water had on the community. They also took the opportunity to ride the multi-award winning and famous Lynton and Lynmouth funicular Cliff Railway. The railway was opened in 1890 and is the highest and the steepest totally water powered railway in the world. Thank you to Mr Vickery for organising this learning experience and support staff who accompanied the children.

Next week, we will be welcoming parents and carers to Parents' Evening. Please can we politely request that you use the front door to enter the school and then the classroom side doors to exit as this will reduce the number of people in the corridors at any one time. We will also be trying very hard to keep to time and request that if you have lots of questions for your child's teacher or need longer than your allotted ten minutes that you make an alternative appointment. Thank you for your support and co-operation with this matter
